The weight of the trophy

32 YEARS

How long the Moonman has been given to outstanding artists.

STELLAR SILVER

The astronaut's gleaming surface is made from zinc and electroplated nickel silver that is hand polished to a stunning silver.

10

The number of Moonmen the winningest music maven in MTV VMA history—Peter Gabriel—racked up at the 1987 awards show. Gabriel also won the coveted Video Vanguard Award for lifetime achievement that year.

THE MTV VIDEO MUSIC AWARD MOONMAN

2006

The year MTV changed up the awards process by allowing fans to vote for their favorite videos on the network's website!

2013

The year Society Awards led a redesign of the iconic statuette, which had remained largely unchanged for nearly 2 decades. Changes included dressing the moonwalker in a spacesuit that more closely matches the real deal!
