PEOPLE'S CHOICE AWARD

THIS CATEGORY IS SPONSORED BY

Society Awards

The People's Choice Award 2012 gives every entrant a chance to win an additional trophy and prizes and this is how it works: After we close the awards for new submission we will enter the voting phase, where your entries are being judged by [our jury](#). This will take about three month's. Yeah, we know that is a long time, but our judges have a very busy schedule and we are delighted that they take the time to review your entries. So we don't want to pressure them.

To shorten that time for you guys, we came up with the people's choice award 2012 where you can have your friends, colleagues, family, followers on twitter, facebook friends ... to vote for your entries. The submission with the most votes, will be crowned with the people's choice award in October, when we announce the winners. This prize entitles you to the same prizes and trophy as the other categories so don't hold back.
