NEW YORK, Nov. 1, 2017 /PRNewswire/ -- Award-winning tabletop and home decor brand, Nambé, and makers of world's most famous trophies, Society Awards, have partnered to launch the first ever collection of retail designer trophies. The design-driven, limited edition collection – inspired by classic Nambé forms and crafted to museum quality – will be available through the Society Awards e-commerce site, as well as through Nambé's corporate sales division, starting fall 2017.

Nambé + Society Awards is the world's first designer trophy collection for the retail market. The collection was designed and crafted in a collaboration between famed tabletop and housewares brand, Nambé, and Hollywood's trophy maker, Society Awards. Designs shown from left to right: Lark, Tempo and Angel.

The initial collection launches with four products – Angel, Lark, Tempo and Tempo Limited. Prices start at \$175 for the 12" Angel – Nambé's interpretation of a classic trophy form with the brand's signature modern, elegant design perspective. At the high end of the collection is the incredible flagship product, Tempo Limited, which is the most expensive and extravagant trophy available on the retail awards market today. It will retail for \$10,000 – a figure that is best understood by viewing the piece in-person. Tempo Limited is machined from a massive, solid block of aeronautical-grade aluminum and hand polished to an incredible gleaming silver. The finished form measures sixteen inches tall and weighs twenty-five pounds.

Of the collaboration, Society Awards CEO, David Moritz says, "I've been following Nambé for a long time – it's a brand that's really focused on great design and on making design functional and accessible. That's admirable. And they don't shy away from sourcing new perspectives through collaborations – which is why they end up winning so many awards and so many fans. I knew that a chance to work together was a chance to bring something really special to market."

Nambé is no stranger to collaboration – the brand regularly works with top-tier designers to create new products. Although Society Awards has collaborated with famous designers to create dozens of famous trophies, there has

never been such an award available on the retail market. This collection represents a departure from that norm within the awards industry.

Each limited edition Nambé + Society Awards trophy is individually numbered and presented in a custom presentation box.
