DROP SHIPPING DEAL TOYS
For the world’s most prolific creatives, there can be no compromise in style or quality. The trophies used to honor them must accordingly be designed and crafted with great care. The above pictured are examples of custom trophies we create for prestigious awards programs. From left to right:

CFDA Fashion – The iconic statuette was originally designed by sculptor Ernest Trova. A mix of sharp edges, deep indents and convex surfaces define this work of art.

Ellie – The ASME’s annual Ellie Awards recognize excellence in journalism and publishing. The award is a licensed reproduction of an Alexander Calder sculpture entitled Elephant.

AFTA National Arts Award – This trophy is a museum-quality licensed reproduction of Jeff Koons’s Balloon Rabbit. This sculpture, deemed by all measures priceless, is an honor unlike any other.

American Image Awards – The AAFA Image trophy was designed in a collaboration between Society Awards and the acclaimed designed Ruben Toledo.

Exhibitor Design – This award honors top designers from around the world. The trophy is a simple, yet exceptionally executed form – a machined aluminum spike polished to a gleaming point.
THE JOURNEY OF THE BARREL CONTINUES

In 2017, our CEO, David Moritz, traveled to the Buffalo Trace Distillery in Franklin County, Kentucky to purchase a very special barrel of Eagle Rare Bourbon. This was a rare opportunity, typically reserved for industry insiders with deep connections. That barrel became our 10 Year Anniversary Bourbon.

In the process we developed a strong relationship with Buffalo Trace. All this got us thinking — a barrel this rich in character lends itself well to a second life aging fine tequilas. The journey of our anniversary barrel was not over yet.

At the famed Casa San Matías in Jalisco, México, our barrel was filled with blue agave formulated for Corazón Tequila (a Buffalo Trace sister brand). Over the last two years, this unique blend has evolved and taken on the distinctive barrel characteristics to become a deep, complex añejo. Buffalo Trace has never allowed a private barrel to be reused in this way. Through a first of its kind partnership between Society Awards and Buffalo Trace, we innovated this idea, which is now offered to all Single Barrel Select clients. This rarest of spirits will join our whiskey library.
